GLADIOLUS BULBS

MARCH 1, 1947

Permit us to say that we appreciate the business of our old customers and we make every effort to please both the old and new customer.

Introducing **ALCAN** (woods)

ALCAN possesses rare beauty of size, form and pureness of color. A pure and sparkling white, well ruffled and florets attaining the size of six inches, with eighteen buds and six to seven open. A strong grower and heavy increaser. Alcan is a reliable cutter and the answer to the florists prayer for fancy basket work. It will be in great demand as an exhibition spike and for commercial purposes. We recommend Alcan.

PRICE: Any size bulb.....\$10.00 each
No bulblets offered.

Introducing **TWILIGHT DREAM** (HINSKEN)

A beautiful rose, tan and cream perfectly blended smoky variety. Tall straight spike never crooking with sixteen to twenty buds, opening six to eight well placed florets in the 400 class. Spikes are fifty inches tall or more, and very strong and straight. The bulbs are clean and healthy. A good producer of bulblets which germinate. A most distinctive variety and one that florists will use.
